

# ENGRAVE-A-CRETE, INC.

## **Technical Data Sheet (TDS) CR-580 DEGREASER**

### **Exterior General Cleaning**

Spray CR-580 Degreaser on the concrete and scrub with a broom then rinse with pressure washer.

### **Interior General Cleaning**

Spray CR-580 Degreaser on the concrete and scrub using a floor machine (buffer).

### **Oil Spots**

Saturate the affected area with CR-580 Degreaser and scrub with a stiff bristle brush, then pressure wash. Repeat as necessary to remove the oil on the surface. Note: On many oil spots a shadow of the oil spot will still remain even after several treatments. It is important to clean the oil spot until it no longer repels water.

### **Stripping Paint and Sealers**

After using CR-590 Paint & Sealer Remover to remove paint, sealer, glue, or mastic, spray a liberal amount of CR-580 Degreaser on the floor and scrub with a floor machine (buffer) using a nylon bristle brush attachment, black pad or sanding screen. This process is imperative to remove residual oils and debris that may inhibit the ability of stain to react or penetrate.

#### **Storage**

Do not allow to freeze.  
Keep away from children.

### **Safety**

Do not breathe vapors. When using in confined or limited ventilation areas, use appropriate respirator to protect against breathing vapors. Avoid contact with skin; wear protective gloves and clothing. Always use eye protection such as goggles, face shield or safety glasses. Read Material Safety Data Sheet before using.

### **Caution**

Eye and skin irritant

### **First Aid**

Eye Contact: Immediately flush eyes with plenty of water for at least 15 minutes while holding eyelids open. Seek medical attention.

Skin Contact: Immediately remove contaminated clothing. Wipe excess from skin and wash with soap and water. Seek medical attention if irritation persists.

Inhalation: Remove person to fresh air and provide oxygen if breathing is difficult. Seek medical attention.

### **Warning**

Do not mix with any other chemicals as hazardous gases may result.  
Do not allow CR-580 Degreaser to dry on stained or sealed surfaces.

#### **Product**

CR-580 is high strength degreaser for removing grease, grime, and oily films.
